

PAY TRIBUTE TO THE HEROIC DEAD

Veterans of Two Wars Decorate the Soldier Graves Today.

AN IMPOSING PARADE

Patriotic Exercises at Court House Park Draws a Large Crowd.

CEREMONY AT CEMETERIES

Over many a lowly mound tonight flutters the beautiful national emblem of red, white and blue while fresh blossoms and wreaths of evergreen bear testimony to the fact that a grateful nation will never forget the heroes who were loyal to their country in its hour of need and rendered a service which did not die with the hour but whose greatest value would be its influence on the future.

In the silent cities of the dead all over this fair land, loving hands have decked with flowers the last resting places of all that was mortal of a vast army which has been promoted to a higher service in the ranks of the eternal hosts. Nor were the heroes who lie in unmarked and unknown graves forgotten for the fairest and most fragrant flowers were placed on the altar sacred to the memory of the "unknown dead."

Beautiful as are the fragrant tributes of flowers, they are but the outer symbol of the true tributes which live deep in the heart of every patriotic American.

Nation's Debt of Gratitude

The nation's debt of gratitude can never be paid, but it is a just and beautiful custom which has established one day of each year as a national memorial day to be devoted to honoring the memory of those heroes to whom all honor and gratitude is due. The hearts of a great people thrill with a loving pride and patriotism while each year they build still higher the monument of love which they have erected in honor of the soldier.

To the men who stood shoulder to shoulder with the dead heroes whose graves have been decorated today, it has been a day of sad and tender reminiscences. To these gray haired men, who are swiftly and surely moving from life's field of action it has been truly a memorial day and eyes have been dimmed with tears and hearts torn with sorrow as memory has carried them back to the days of triumphant youth and gladness comradeship.

There is no earthly tie like that which binds together those who have marched for weary miles, who have camped under the open sky and who have faced death side by side. To those comrades who have passed beyond earthly vision is a labor of love and it is especially appropriate that it should be performed by them as long as life and strength is spared them.

Fired a Salute

Local veterans of W. H. Sargent Post No. 20 E. A. R., and their loyal helpers of the Woman's Relief Corps beautified the flag marked graves in the Oak Hill and Mount Olivet cemeteries this morning. The Post and Corps went to the cemeteries this morning at nine o'clock. The impressive Grand Army ritual services were held at the cenotaph, a salute was fired and then the graves of the fallen heroes were decorated. Those who had the work in charge were as follows:

First Division—Supt. Miss Ella L. Willis, Guide, W. W. Willis, Assistants, W. V. Morrison, D. Conger.
Second Division—Supt., Mrs. Lewis Trumble; Guide, J. Howland; Assistants, B. M. Bucklin, W. G. Palmer.
Third Division—Supt., Mrs. M. McDonald; Guide, C. E. Bowles; Assistants, H. B. Sexton, A. F. Hall.
Fourth Division—Supt., Miss Maria Gibbs; Guide, J. G. Wray; Assistants, R. P. Young, M. H. Gibbs.
Fifth Division—Supt., Mrs. Maggie Baker; Guide, George Viney; Assistants, S. Fisher, J. Reeder.
Sixth Division—Supt., Mrs. Hattie McGuire; Guide, John Lawler; Assistants, R. A. Carroll, Lewis Trumble.

The first four divisions included all the soldiers graves in Oak Hill cemetery and the fifth and sixth divisions included those in Mount Olivet.

Veterans in Parade

This afternoon the bowed forms of the surviving heroes of the war moved down the street beneath the flag whose folds they never see without a thrill of pride. There was the martial music of life and drum corps and the inspiring strains sounded by the

Imperial band, but the step of the old veteran who has marched on many occasions to double quick time was faltering and feeble.

Some erect forms there were in the line but the most of the heads were gray and the faces were traced with the cares of years. But in spite of the weight of years and the burden of disease, heads were held proudly aloft and there was a peculiar dignity of carriage which belongs only to the old soldier. There is a pathos surrounding the sight of the rapidly decreasing rank and file, drawing nearer together as the ranks are thinned by death touching elbows ever and marching bravely with faces to the front although memory lingers among the scenes of past years.

It is an inspiring sight as well and the man who is not moved to honor the living as well as the dead must be entirely lacking in the finer sentiments which glorify life.

Formed at Two O'clock

The parade formed at two o'clock on River street with C. D. Child as marshal of the day. Besides the veterans there were in line Company I, First Regiment Wisconsin National Guard, the soldiers of the Spanish-American war and the Woman's Relief Corps and speakers in carriages. The parade moved to High street and then east on Milwaukee street and south on Main street to the Court House park where the public exercises were held. The audience collected to hear them was a large and appreciative one.

W. J. McIntyre, commander of W. H. Sargent Post was the president of the day and conducted the exercises in a pleasing manner and with fitting dignity.

The Imperial band furnished excellent music, playing several selections and the G. A. R. fife and drum corps also added its inspiring martial music to the occasion.

Father Goebel Offered Prayer

A male quartet consisting of Wm. Garbutt, C. N. Vankirk, D. D. Bennett and George Paris was heard at excellent advantage in two excellent vocal selections "Defenders of the Flag" by Macy was the spirited patriotic selection given and the second number was Gerrich's beautiful "Still, Still With Thee."

Rev. Father W. A. Goebel officiated as chaplain of the day and offered the opening prayer.

Mayor Richardson's Tribute

Mayor Richardson spoke in part as follows: "Members of the Grand Army:—It has been said that history to be of value must be written many years perhaps generations after the occurrence of the events that it describes. That time enough must have elapsed to allow all strife, to cease, all contention to be forgiven, and all prejudice to be forgotten. That the historian as he looks over the field of the past and studies its history for the purpose of discovering its great and moving principals must stand so far away from the action of the picture that he sees none of its minor details, none of the little mists or vapors that to a nearer eye might be mistaken for clouds, sees nothing of those numerous petty conflicts that are incident to a great strife.

From the distance at which he stands all these details are lost. Kings, dynasties, armies and parties move across the field like specks in the distance and the attention is riveted only on the great dark mass of the picture that, turning, twisting, sometimes in the shadow and sometimes in the light, now moving forward and again crowded back but always gaining slowly but surely an advanced and more secure footing; the great dark mass of the picture, the living moving center of all history, the people and the only object seen by the historian.

"And time enough has now passed to enable us to take some such view as this of the part that you played in history. We can now better appreciate the results of your work. And while we do not lose sight of any of these personal incidents that proved the strength and valor of the individual soldier we better understand the great work done by the Grand Army. We know now that it was no mere conflict between states, not a war against slavery, even though 4,000,000 slaves were freed, not a struggle for political supremacy, though it was the end of a half century of political strife. We know now that it was the culmination of one of those struggles of mankind in which are arrayed on one side those elements that desire to linger in the shadow of the past, and on the other side those who love to push forward into the light of the future. We know now that concession or compromise could never have settled the question and that the conflict was unavoidable and that only by your work could the old barriers raised against the advance of the people be cleared away and a new clear path be opened into the future."

Mayor Richardson followed his interesting remarks by reading Lincoln's memorable address at Gettysburg.

BURN NEGRO BRUTE AT THE STAKE; HIDEOUS CRIME QUICKLY AVENGED

Entire Population Turns Out to Assist in Destroying the Slayer of Mrs. Rena Taggart—Prisoner Taken from Jail and Promptly Executed.

Bartow, Fla., May 30.—Fred Rochelle, a negro, 35 years of age, who at noon yesterday assaulted and then murdered Mrs. Rena Taggart, a white woman of this city, was burned at the stake here early last evening in the presence of a throng of people.

The burning was on the scene of the negroes' crime within 100 yards of the principal thoroughfare of this city. The murder was one of the boldest and coldest blooded crimes ever committed in Florida. At ten o'clock yesterday morning Mrs. Taggart, who was a woman of good family and reputation, went fishing in a small row boat which she kept at that city near the bridge over Placco creek in full view of the main street. At noon she rowed her boat to the bridge and made it fast.

Mrs. Taggart started home and had taken but a few steps through the swamp toward the prairie and thence to the street when she was approached by Rochelle, who had been hiding in the swamp. He seized her and she broke loose, and, screaming, ran from the swamp to the open land, where he overtook her.

While she was prostrate he held her with his hands and knees, and,

taking his knife from his pocket, cut her throat from ear to ear, causing instant death. Rochelle took the bleeding body in his arms, carried it back to the swamp, threw it down, and then ran back into the interior of the swamp.

Posses were immediately on the trail, but the capturers evaded detection and succeeded in getting their prisoner into the city and turning him over to the sheriff of Polk county.

In less than ten minutes after the transfer had been made the crowd augmented as it marched, moved on the jail. In spite of the sheriff and a strong guard of extra deputies, who made every effort to protect him from mob violence, they secured the prisoner and took up the march to the scene of the crime. He was half dragged, half carried to the bridge, screaming and praying for mercy.

When the spot where the woman was murdered was reached a stake was driven into the ground, to which the negro was chained. Cans of kerosene oil were deliberately poured upon him and his clothes well saturated. At 6 o'clock the match was applied. For fifteen minutes the body burned and then the crowd dispersed.

BOARD OF CONTROL PLACES INSURANCE

Total Amount Taken Out for State Institutions Reaches \$925,000—Contracts for New Buildings Let.

Madison, Wis., May 30.—Insurance on the several state charitable and penal institutions was placed by the state board of control last evening, the contract being divided between three bidders—W. E. Main of Madison and W. H. Russell of Milwaukee, the Culver-Harper agency of West Superior and Henry Johnson of Edgerton all offering the same rates, 1 per cent. on all institutions except the state prison on which the rate is 2½ per cent., all for three years. The total amount of insurance on the institutions is \$925,000, and the state pays a premium of \$10,837.50 for the three years risk. The division of the business which is equal, is left to the bidders, who are required to deposit certified checks for \$1,000 each to ensure the delivery of policies, to be approved by the state insurance commissioner by June 5.

Contracts for the erection of new buildings at the state home for the feeble-minded at Chippewa Falls, provided for by the recent legislature, were awarded last evening by the state board of control to George R. Potter of Stevens Point, he being the lowest of seven bidders. His figures were: For the completion of the administration building and dining hall, \$40,640. Two dormitories, for boys and girls, \$29,200 each. School house \$18,835.

The completion of the cell wing at the state reformatory at Green Bay is also provided for, but only three bids were submitted for this, the lowest being \$70,065. The board is satisfied that better figures can be obtained later, and all the bids were rejected.

PLANKINTON WINS A BIG VICTORY

Judge Seibecker Upholds the Assignee of the Broken Bank, and All Material Matters.

Milwaukee, Wis., May 30.—William Plankinton wins an almost complete victory over the present assignee of the Plankinton bank and the creditors who sought to surcharge his account to a vast amount because of alleged negligence in enforcing the payment upon liabilities and in making alleged preferred payments in the matters which have been heard up to this time by Judge Seibecker.

The decision of the court rendered yesterday and Judge Seibecker upholds the course of Plankinton in all matters except in his management of the Lastore and wherein Mr. Plankinton is surcharged at \$10,364.

The matters which have been heard upon by the court are what have been known as the clearing matter, the matter of the Milwaukee Brass and Copper Works, the F. A. Lappen matters and the Bend & Co. settlement.

These are the principal matters upon which objection was made concerning the administration of Plankinton. If the contention of present assignee had been sustained in these matters it would have charged Mr. Plankinton's report with an amount approximating \$200,000.

CONTINUOUS WAGE SCALE

Tin and Steel Workers at Milwaukee Come to an Agreement. Milwaukee, Wis., May 30.—The plan for the continuous scale has been adopted by the wage committee of the Amalgamated Association of Iron, Steel and Tin workers. The committee could not make its report today owing to the failure of the subcommittee of the tin section to complete its labors. Should the plan go through the annual convention of the association will be called two months earlier than now fixed. The committee on the good of the order will recommend the choice of Pittsburgh as national headquarters. The committee on the constitution will report in favor of the abolishment of the office of assistant president.

"The object of this federation is the promotion of acquaintance, fellowship and effective co-operation among the several churches of all Evangelical denominations in Toledo, in order that their essential unity may be manifested, that the evangelization of the city may be more systematically accomplished, that a means may be found of expressing the united Christian sentiment of the community in regard to moral issues, that the various Christian and benevolent activities of the city may be more completely coordinated, and that other appropriate ends may be secured."

LAY CORNER STONE ST. MARY'S CHURCH

Most Imposing Ceremony Was Participated in by Eighteen Priests.

GREAT CROWD ATTENDS

Father Roche Laid the Corner Stone, and Rev. Vaughn Made the Address.

CATHOLIC SOCIETIES PARADE

With impressive ceremonies the corner stone of St. Mary's church was laid this morning in the presence of hundreds of people. The ceremonies were of a most imposing nature and were participated in by eighteen priests. When they were concluded an interested audience had seen the formal laying of what is to be one of the handsomest of the sacred edifices of the city.

The ceremonies opened at 8:30 o'clock with high mass and it seemed especially appropriate that mass should be celebrated by the Rev. Father Charles McBride, of Oconomowoc, a former member of St. Mary's congregation. The chorus choir under the direction of Prof. W. F. Thiels sang Weigand's mass.

Catholic Societies Parade. At nine o'clock the members of the St. Aloysius society, the Guard of Honor, Ancient Order of Hibernians, Total Abstinence and Benevolent society, Catholic Knights of Wisconsin and Catholic Order of Foresters met at Foresters' hall and marched to the depot to meet Rev. Father R. J. Roche of Milwaukee, former pastor of the church, who had been delegated by the archbishop to lay the corner stone.

The escorting party was one and made an excellent as they marched down the street, headed by the Rev. Father Roche, and the stars and stripes in its midst. Rev. Father W. A. Roche, archbishop of Milwaukee, was also present.

MISS MAYME MAYS IN THE "EVIL EYE."

Mr. Chas. H. Yale, who is now acknowledged master of pantomime and spectacular attractions on this continent, has this year given his entire attention to the reproduction of his greatest spectacle, "The Evil Eye." It is two years since the spectacular extravaganza was produced on this continent, and in that time it has become recognized as the greatest attraction of its kind which has ever been produced here. This

year Mr. Yale has put forth special efforts to provide special features for "The Evil Eye," and all of these will be seen here when the spectacle is presented at the Myers Grand next Monday, June 3rd. Among these special features are the Electric Ballet, The Phases Troupe of Dancers, the Sabot Dance, the Revolving Windmill, and the English chorus. "The Evil Eye" will be the only attraction of its kind here this year.

Chicago, May 30.—Fire partly destroyed the three-story brick building at 217 Washington street at 2 o'clock this morning. The building is occupied by Smith & Stoddard, manufacturers of whips, and James McMillan, maker of furnaces. The loss will be about \$15,000 to building and contents.

Crazed by Cold Weather.

St. Joseph, Mich., May 30.—Charles Bonnell, a prominent fruit farmer of this section, has gone violently insane owing, it is said, to the extreme cold weather of the month of May, which he imagined was ruining his peach crop. He sharpened a large carving knife and attacked his wife and nine children, all of whom were in the house at the time. The children escaped from the house and their screams attracted neighbors who arrived just in time to prevent Bonnell from cutting his wife's throat.

Generous to Columbus, Ohio.

Columbus, O., May 30.—It was announced at the annual commencement of the Columbus Art School that Emerson McMillen of New York had offered to give a site on East Broad street, valued at \$20,000, and a sum not to exceed \$100,000 for the erection of an art museum, providing an equal amount was raised by the people of Columbus by popular subscription.

Reprivese Slayer Ruthven.

Columbus, O., May 30.—A reprieve until June 28 has been granted Ed Ruthven, a murderer, by Governor Nash. The action was taken because the governor's physical condition will not permit him to hear arguments. Ruthven was to have been electrocuted Thursday night.

A Wife Says:

"We have four children. With the first three I suffered almost unbearable pains from 12 to 14 hours, and had to be placed under the influence of chloroform. I used three bottles of *Mother's Friend* before our last child came, which is a strong, fat and healthy boy, doing my housework up to within two hours of birth, and suffered but a few hard pains. This liniment is the grandest remedy ever made."

Mother's Friend

will do for every woman what it did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. *Mother's Friend* equips the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breaths is altogether avoided, and recovery is merely a matter of a few days.

Magnetism
A SUCCESS.

There can be no real success without true merit.

PROF. N. R. FUNK'S SUCCESS IN MAGNETIC HEALING IS REAL.

Cures without the aid of drugs, surgery or electricity.

PROF. N. R. FUNK.

Mrs. Hannah Armfield, of No. 125 Glen St., says: For nearly 2 years I have been troubled with a dull aching pain in my sides, also had stomach trouble and constipation, appetite poor, sleeplessness, nausea and vomiting. I have tried all kinds of medicines and received little or no benefit. I began to improve from the very first treatment from Prof. Funk and after taking nine treatments I feel perfectly well, and it is my pleasant duty to him and to suffering humanity to acknowledge the benefit I received from magnetic treatment.

If you are suffering, investigate this method of curing disease. That the method as practiced by Prof. Funk is a wonderful success can no longer be doubted, as many responsible people of this community have tested its merits and are now enthusiastic in their praise of the good results obtained.

If suffering, you owe it to yourself to try this method of healing.

THE HEROIC DEAD.

Four score and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty, and dedicated to the purpose that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battle-field of that war. We have come to dedicate a portion of that field as a final resting-place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this. But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The great men, living and dead, who struggled here, have consecrated it, far above our power to add or detract. The world will little note, nor long remember, what we say here, but it can never forget what they did here. It is for us, the living, rather to be dedicated to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we highly resolve that these dead shall not have died in vain; that this nation under God, shall have a new birth of freedom, and that government of the people, by the people, and for the people, shall not perish from the earth.—LINCOLN.

A CASE OF FREE LOVE.

The burlesque, called a marriage, between George D. Herron and Miss Rand, is simply a revised edition of free love, and the Rev. Brown, who sanctioned the ceremony, with a lot of sentimental twaddle about hearts being made for each other, and true love being so pure that no legal tie was necessary to solemnize its union, is simply another deluded victim of rattle-brained insanity.

That sort of high-toned rot, on the part of intelligent people, under the guise of religion, is more demoralizing to a community and to society at large, than a dozen saloons in full blast.

There are a good many pest holes besides brothels and drinking resorts, but they are beyond the ken of the modern reformer. If there is anything in this world that should be kept pure and wholesome, it is morality, and any man or woman, who through ignorance or crazy fanaticism, lowers the standard, should be branded as an enemy of pronounced type. When a man like George D. Herron forsakes his wife and children, simply because he wears of their companionship, and ignoring both moral and legal obligation, pretends to marry himself to a congenial spirit, he displays a species of moral degeneracy more pronounced than the shirt waist or cigarette victim, and the men who countenance and encourage that sort of nonsense, do not need to part their hair in the middle to gain notoriety.

Marriage is a sacred ordinance, and is usually so regarded. The man who deliberately enters a home and robs it of its peace and purity, by stealing the affections of a wife, finds but scant sympathy if his career is suddenly cut short by an avenging hand. But the man who deserts his own home and turns a deaf ear to the pleadings of love, finds congenial spirits of his own refined ilk, who pat him on the back, call him a good fellow and endorse his loose code of morals.

The New York outfit that finds in George D. Herron a model of purity, inspired by holy ambition, deserve expulsion from the church, and should be ostracised from decent society.

The world is painted black enough by everyday devilry, and the crimson hue of free love fanaticism, adds nothing to the attractiveness of the picture.

MEMORIAL DAY.
The significance of Memorial Day is peculiar, not only on account of sacred memories, but because each recurring year, finds the ranks of comrades weaker and the step slower, while the little flags, that mark the last resting place, increase in numbers, and the ranks of the silent army are rapidly filling up.

There will come a time, not so many years ahead, when the children and the grandchildren of the veterans will be the only survivors, and when memory will be no longer quickened by the presence of the men who served in the field.

There may be some sentiment about the observance of Memorial Day, but it is patriotic and loyal sentiment, that every child can afford to cultivate. Next to the love of God is the love of home, and the love of country and the welfare of the home is so dependent upon the peace and welfare of the country that men do not hesitate to sever the ties of home, and go out to meet the hardships of war, with all its grim uncertainties.

Sacrifices of this kind were so common back in the early sixties, that every hamlet and village turned

out its heroes, and the man who stayed behind, without sufficient reason, was regarded with distrust and suspicion.

This spirit of patriotism was so universal, and so pronounced, that it was contagious, and wherever fire and drum were heard, men rallied, and the great army, a million strong, went forth with a purpose that knew nothing of defeat and failure, until the nation was redeemed.

They went out a gallant host, and returned a shattered fragment, to enjoy for a few years the peace that a great sacrifice had purchased.

The world has moved down the road thirty-five years since the last surrender, and every year the camp fires and reunions, have warmed the hearts, and recalled the memories of other days, while the thirtieth of May, for many years, has been dedicated to the sacred observance of respect and love for the comrades gone.

It is well to thus observe the day, and the enfeebled posts of the Grand Army, should be made to feel in practical ways, that they have the sympathy of every loyal citizen.

Z. G. Simmons, the wealthy manufacturer of Kenosha, is showing his striking employees that he is just as much at home in the shop as in the office. Mr. Simmons is noted as a philanthropist, and is very popular with his men. When they find him in working garb in the foundry they are a little surprised, and a good deal disgusted with themselves for "walking out."

Little, if any, progress can be made in reforming society, by methods which are spasmodic. Several ladies' clubs have started, throughout the state, to purify society by restricting entertainments of a questionable nature. This is a movement which must be kept up for a long time, in order to show any results for the better; and if it is worthy of a start, it is worthy of maintaining to a successful issue.

The vote of the Cuban convention on the Platt amendment, while close, is evidence of the fact, that Cuba recognizes in a measure, her condition. It will require time for the island to adjust itself to the new and free conditions, and it is perfectly natural that suspicion should exist. Self-government is the product of intelligence, and national intelligence is not born in a day.

The Radicals made a hard fight in the Cuban convention yesterday against the Platt amendment, but it was passed, and now the first step has been taken towards the independence and advancement of the Pearl of the Antilles. Cuba could not stand a year alone and must learn to govern with a guiding power to teach her before she can hope to match the diplomacy of powerful nations.

The women's clubs in Chicago might cease to criticize Rockefeller so severely, if he should give them a fine club building. The millionaire's gifts have been for the higher education of the American youth, and merits no criticism which is unfriendly.

Edison has made many fortunes for other men; he should now manufacture his own batteries and generate a little fortune for himself.

Former Mayor Is a Suicide.
Goshen, Ind., May 30.—John B. Walk, ex-mayor of Goshen, paid his monthly assessment on a \$5,000 life insurance policy in the National Union and two hours afterward committed suicide by hanging himself to a gas pipe in his office. Financial troubles were the cause.

DR. D. MERENESS DEAD

Well Known Milwaukee Physician Succumbs After an Operation—Whitewater Normal Graduate.

Milwaukee, May 30.—Dr. Dwight Mereness, one of the best known medical practitioners in Milwaukee died last evening at 8:30 in Trinity hospital following a surgical operation yesterday morning. The illness that resulted in his death was a comparatively short one, although the diseased had been suffering for some time before the operation yesterday.

Dr. Mereness at the time of his death was comparatively a young man, being only 41 years of age. For the past fourteen years he had been one of the most prominent physicians in the city and for several years was a partner of Dr. J. J. McGovern. As a surgeon he bore a high reputation. Prior to his fatal illness Dr. Mereness was a member of the staff of surgeons at the county hospital as well as the Emergency hospital.

He was also prominently connected with the Milwaukee Medical college, having for a time been professor of anatomy. In that capacity he proved to be one of the most valuable men in the faculty.

He was a graduate of the state normal school at Whitewater and later took a course in the Medical Department of the University of Michigan. He also graduated from the Long Island Hospital college in 1885 and in 1887 he came to Milwaukee. He leaves a wife and two adopted children, twins, Mildred and Hazel, aged 7 years.

The funeral will probably be held on Saturday from the residence at 2,036 Grand avenue.

PROMOTER'S TALES PAYABLE IN GOLD

Vicious Attack on British South African Policy by Harrison, the Author and Historian.

London, May 30.—Frederick Harrison, the British author and historian, makes a vicious attack on the British South African policy in the newspapers this morning. After speaking of the "insane folly and degrading policy of farm burning" in South Africa he continues "from the first the nation has been hoodwinked by an elaborate fabric of calumny and false hood. Accounts of Boer conspiracy to drive us out of Africa were mere promoters tales payable in gold."

These promoters, Harrison alleges, bought up press and politicians, and made Milner their tool. He concludes by saying that the Britons are being humiliated and made the laughing stock of the world and predicts the eventual victory of the Boers.

Talk of Universal Peace.

Lake Mohonk, N. Y., May 30.—The seventh annual Lake Mohonk conference on international arbitration was begun here. More than 200 delegates, representing many sections of the country, were present. Albert K. Smiley, the founder of these yearly conventions, delivered an address of welcome. J. H. Siness, chief justice of the supreme court of Rhode Island, was elected chairman.

MEMORIAL SERVICES AT HIGH SCHOOL

Students Entertain the Members of the Local Grand Army—Fine Program Rendered.

Probably no accompanying feature of Memorial day is more thoroughly appreciated by the veterans of the civil war than the memorial exercises which are held annually at the High school on the evening preceding Memorial day. It has been held for several years and the occasion has given such pleasure to the veterans and such inspiration to the students that it has become an established custom.

The program last evening was especially fine and was enjoyed by a large and appreciative audience. The Grand Army marched from the Post hall to the school to the music of the fife and drum corps. The old soldiers and the members of the Woman's Relief Corps occupied seats in the front of the auditorium. On the platform were seated Supt. D. D. Mayne, who presided, and W. J. McIntyre, commander of the W. H. Sargent Post.

The program which was arranged for by the Junior class opened with the singing of the "Star Spangled Banner" by the High school chorus under the direction of W. F. Gaskins and with Miss Evelyn Packer at the piano. The singing was very fine and was much enjoyed by the audience. Later in the evening a double quartet sang "Swanee River" with the solo part rendered by Miss Hallie Howard, who has a soprano voice of beautiful quality. The chorus also sang, "Columbia, the Gem of the Ocean."

The address of welcome was very neatly given by Herbert Goldin. He expressed the school's appreciation of the honor done them by the presence of the men who fought for the preservation of the Union and welcomed them warmly.

Miss Mae Merritt recited in a very creditable manner Walt Whitman's tribute to Lincoln "Captain, oh my Captain," and Dean Bemis gave Col. Hackett's Memorial Day with pleasing force.

A well written original oration, "Memorial Day to the Soldier of the Civil War," by Thomas Casey was given in a manner that won him prolonged applause. He spoke eloquently of the value of memory to the old soldier and paid the veterans a glowing tribute.

Capt. Pliny Norcross, as the representative of the Grand Army, spoke for several minutes in his usually pleasing and conversational style. He thanked the school for the courtesy extended, spoke feelingly of his comrades and of the fact that they have passed beyond active service and are used mostly as a reminder of the war to the young. He hoped the time would come when there would be no more war but he took pride in the thought that the war for the Union was a good war. He spoke of the breaking out of the war and closed with some excellent advice to the young people concerning the necessity of encouraging patriotism as a trait of character and the necessity of determination and persistence to the accomplishment of any worthy purpose.

The evening's program closed with the singing of America by the audience led by the chorus class.

Gasoline Engine Broke Down

The gasoline engine at the Janesville Barb Wire Works broke down last evening about six o'clock and was badly wrecked. A report was circulated about the streets that another explosion had taken place like the one that killed Feller and Horn. It was found that the break was caused by a strain and not by an explosion. The engine will be replaced by an electric motor which will do away with all danger from gasoline engines about the plant.

The State Bank of Orfordville, Wis., is responsible and asks a careful scrutiny as to its promoters. It is recommended by four governors and many banks. Pays four per cent. on six months and 5 per cent. on 12 months time deposits.

PRIEST BROKE HIS ARM AT ELBOW

Serious Accident to Father Condon of Oregon During the St. Mary's Corner Stone Services.

After the services of laying the corner stone at St. Mary's church were concluded this morning and the visiting priests were returning from the church to Father Goebel's house, Father M. Condon of Oregon, Wis., met with a serious mishap which will lay him up for at least two months.

A plank had been laid from the top of the foundation to the ground a distance of six feet to give the visitors a means of ascent and descent. Father Condon was about to descend the plank when his cask caught on the corner of the foundation and caused him to miss his footing. He fell heavily to the ground striking on his right side.

His right arm struck the corner of one of the large building timbers lying near breaking his arm at the elbow.

Drs. M. A. Cunningham and W. H. Palmer were called and attended to the injury. They think the break will prevent the use of the arm for at least two months.

Father Condon showed great fortitude after being injured and did not show by look or deed that he was suffering any pain. This was the only incident that marred the perfect harmony of the services.

Buggy Was a Total Wreck

A horse belonging to James H. Conley became frightened at Mount Olivet cemetery yesterday afternoon and after making a circuit of the grounds dashed out onto Madison avenue and came on towards the city.

In attempting to turn the corner at the Junction of Mineral Point avenue and North Jackson street the buggy ran in among some trees. The horse soon kicked himself loose from the buggy and ran on down Washington street. The buggy was a total wreck and luckily during its long run the horse kept on its own side of the street and did not collide with any other vehicle.

Women's Beauty Dependent on Exercise.

That women should exercise regularly is pointed out as follows by J. Parnly Paret in "The Woman's Book of Sports," published by the Appleton's. Mr. Paret says on this subject:

"There is another important reason why systematic physical exercise of one kind or another should appeal to every woman under forty, and many who have long passed the meridian of life. Feminine beauty in both face and figure is largely dependent upon it, and if thin women and fat women, ugly women and plain-looking women could only be made to realize this, many figures and faces would be much improved."

DEMONSTRATION BY LOCAL UNION LABOR

All the Unions in the City Will March in Parade Tomorrow Evening—Meeting in Assembly Hall.

Tomorrow evening one of the largest labor demonstrations ever seen in this city will be held, the committee having it in charge having completed all the arrangements. The demonstration will open with a parade in which all of the labor unions in the city will participate.

The unions will meet at Assembly hall at 7:15 o'clock. Headed by the Imperial band and the carriage containing the speakers the parade will move west on Milwaukee street to Academy and then countermarch east on Milwaukee to Main and south on Main street to the court house park.

If the weather permits the speaking will be in the park. Otherwise the meeting will be held in Assembly hall. Short addresses will be made by the Rev. R. C. Denison, J. J. Cunningham and others.

Labor unions are taking a rapid step forward, owing largely to the impetus which is being given to the movement by Organizer Hogan who is in the city. He addressed the mass meeting held at Assembly hall last evening at which time the new Federal Labor Union completed its organization with a membership of eight-seven, nearly double the number secured at the first meeting on Monday night.

DENIES INTENT TO LIBEL

Damage Case Against Mrs. Eddy,
Christian Science Leader.

FIRST DAY OF THE TRIAL.

Answer to Petition Declares That the
Plaintiff, Mrs. Woodbury, Was Not
Meant by Verses from Revelations—
Habits of Mrs. Eddy.

Boston, Mass., May 30.—The libel
suit brought by Mrs. Josephine Curtis
Woodbury against Mrs. Mary Baker
Eddy, the founder of Christian Sci-
ence, in which damages in the sum of
\$150,000 are asked, was begun at 10
o'clock a. m. in the first session of the
superior court.

The feature of the day was the read-
ing to the jury of the answer of Mrs.
Eddy to the complaints set forth in
the petition. Mrs. Eddy admitted that
she authorized the message on which
the claim of \$150,000 damages is based,
but she denied that the words quoted
from Revelations referred to Mrs.
Woodbury or any other human being.
Another notable feature was the quick-
ness with which a jury was secured.
It required only ten minutes to com-
plete the panel. Up to the hour of
adjournment twenty-eight witnesses
had been sworn, but all had not testi-
fied. Little progress was made in the
suit, the time of the court being largely
taken up with the contentions of
opposing counsel. An adjournment was
taken until Monday, when, it is ex-
pected, the real struggle will begin.
Perhaps no case tried in recent years
in this city has involved so formidable
an array of counsel. Mrs. Woodbury's
interests are safeguarded by Frederick
W. Peabody and W. H. C. Noble, while
fresh from their victory in the East-
man case at East Cambridge are Sam-
uel J. Elder and Charles R. Bartlett,
ex-Senator W. A. Morse, and Attorney
Wait Whitman Anderson and General
Frank S. Streeter of New Hampshire,
all counsel for Mrs. Eddy.

Sketch of Mrs. Eddy.
Mrs. Eddy is 80 years old. She has
accumulated \$1,000,000. She is the only
living woman who has founded a reli-
gion. She has 1,000,000 followers in
the United States. She lives in Con-
cord, N. H. She has been married three
times. She has one son. She lives
alone, except for her secretaries and
companions. She takes no exercise.
She seeks no amusements. She dresses
richly and wears jewels. She spends
her time in writing "inspired" litera-
ture. She works often until 3 o'clock
in the morning. She is a little deaf
and a little dim of vision. She has
deep-set blue eyes. She is taller than
the average woman, and her erect fig-
ure is well filled out. She has abso-
lutely no social intercourse with the
people of Concord. She breakfasts
early, dines at 12:30 and eats a light
supper. She shields her face while
driving with a parasol to ward off
"malign influences."

Herrera Is Easily Beaten.

San Francisco, Cal., May 30.—Terry
McGovern beat Aurelia Herrera of Ba-
kersfield, Cal., at Mechanics' pavilion,
before the National Athletic club last
night, in the fifth round of what was
to have been a twenty-round go. Both
men weighed in at 6 o'clock and were
pronounced to be in good condition.
The big hall was crowded, every seat
being taken. A large contingent of
Herrera's admirers from Bakersfield
occupied a block of seats near the ring-
side. Betting was quite lively at all
sorts of prices. On the general result
it ranged from 7 to 1 to 4 to 1 on
McGovern. Many good bets were made
that Herrera would stay six rounds.
McGovern had an easy victory.

Hoppergrass Sold to Splan.

Chicago, May 30.—The veteran train-
er and driver, John Splan, secured the
star attraction, the fast trotter Hop-
pergrass (2:14) after a spirited con-
test at the second day of the Stock-
yards sale, the price being \$1,600, the
highest so far of the sale.

MANY VETERANS IN MEMPHIS.

Over 2,000 in Attendance at the Con-
federate Reunion.

Memphis, Tenn., May 30.—A cloud-
less sky and a cool western breeze were
in evidence on the second day's ses-
sion of the confederate veterans. There
was no question of a postponement of
the flower parade or any other feature
of the reunion and the programme was
carried out in full.

Exercises in Confederate hall were
opened at 10:20 a. m. by the doxology
and prayer.

The credentials report showed a total
representation of 1,359 camps, with an
aggregate attendance of 2,309 dele-
gates. Texas had the largest repre-
sentation, with 129 camps and 451 dele-
gates. The resolutions prepared by
various delegates were passed up to the
commander, who read them aloud be-
fore passing them back to the commit-
tee on resolutions.

Among them was a motion that con-
gress be memorialized to erect in the
nation's capital a monument to Gen.
Robert E. Lee. No action was taken,
but there was a number of cries of
"No! No!" The resolution was passed
back to the committee.

Big Tea Trust Is Formed.

Evansville, Ind., May 30.—An ice
trust looking to the control of the
markets in Illinois, Indiana, Ken-
tucky and Tennessee has been formed
with headquarters in this city. The
trust, it is said, will be capitalized at
\$5,000,000. The following cities are
represented in the trust: Louisville,
Ky.; Nashville, Tenn.; Evansville,
Washington, Vincennes, Seymour, Ind.,
and Olney, Ill. The syndicate is back-
ed by Pittsburg capitalists. One of
the local operators admits that the
trust is a certainty and it is expected
that some of the smaller plants will
be closed down in a few days. It is
asserted that the larger plants in these
four states running at full capacity can
supply the market. It is not deemed
probable that the price will be altered.

Concern in Peoria Falls.

Peoria, Ill., May 30.—Louis and
Henry Schwabacher, doing a wholesale
liquor business under the firm name of
Schwabacher Brothers, have made an
assignment in this city with liabilities
of \$64,293 and assets of \$39,786.
The failure was not unexpected. Some-
thing more than half the indebtedness
of the firm is to the father of the
members, Henry Schwabacher. The
house was established in the early '60's,
but has been under the control of the
present members since 1896.

Furniture Deal Is Failure.

Grand Rapids, Mich., May 30.—The
consolidation of the leading Grand
Rapids furniture factories, which Chas.
R. Flint of New York has been pro-
moting, has practically fallen through.
Options on seven local plants, which
were to have formed the nucleus of the
combine, expired last Saturday, when a
new agreement was presented to the
manufacturers, having an exchange of
stock as its basis. A majority of the
local men have now decided against
this proposition.

Noted Minister Is Dead.

Chicago, May 30.—Rev. William
Creighton Dandy, well known among
all Methodists of the west, died sud-
denly yesterday morning at his home
in Los Angeles, Cal., at the age of 79
years. He was a superannuated mem-
ber of the Rock River conference and
before forced by advancing age to
abandon active work was very promi-
nent in the ministry.

Ocean Greyhounds In Race.

New York, May 30.—Two ocean fly-
ers started today in a race against
time and each other in order that four
American guests may not be late at the
London Chamber of Commerce dinner
next Wednesday night. The ships are
the St. Paul, swiftest of the Ameri-
can, and the White Star express steam-
ship Teutonic, an ex-queen of the At-
lantic.

Engineer Suddenly Killed.

Two Harbors, Minn., May 30.—P. J.
McGuire, engineer on the Duluth &
Iron Range Railway, was killed Tues-
day by striking a stand pipe at High-
land Station. He died at the Budd
hospital in this city. He leaves a
widow and three children. His rela-
tives live at Dixon, Ill.

outlying suburb of London, a man sup-
posed to be suffering from the light-
est form of bubonic plague has been
discovered. Persons with whom he

Low of Columbia university, who was

The Hague, has presented to the Eng-
lish church in this city a window bear-
ing an inscription in remembrance of
the peace conference.

The figures upon it represent Faith,
Hope and Charity.

Canada in Census Muddle.

Ottawa, Ont., May 30.—On the theory
that the census returns of 1891 were
doctored, the government, it is said,
will order an inquiry into the facts.
The reason for the view that fraud
was practiced in 1891 is that some of
the returns of the recent census are
rather disappointing in character.

Abolishes Wood in Warship.

London, May 30.—The admiralty
has issued an order that in the future
the least possible amount of wood is to
be employed in the construction of
warships. Such vessels now building,
where not too far advanced, will have
their wooden decks and other wooden
fittings taken out.

that both sides are satisfied with this

If the severe pain across the small of

complaint, I guess I had it. For two-
years I suffered with attacks, some-
times virulent, sometimes a dull
grinding ache, which robbed me
of considerable energy. I used in
addition to doctor's prescriptions, sev-

for kidney complaint, but up until I
procured Doan's Kidney Pills at the
People's Drug Co.'s drug store, I re-

it cured me. Up to date I have not

UNDER INFLUENCE OF AN OVERDOSE

Member of Pawnee Bill's Wild West
Show was Picked Up by the
Police Last Night.

Oliver W. Lee who claims to be a member of Pawnee Bill's Wild West show and was the man who did the high dive act before the performance was picked up last evening in the Northwestern yards by Officer Brown. He was suffering from an overdose of dope, he being a regular user of the drug. He was taken to the lock-up and Dr. George Fifield called to attend him and after two men had worked over him for an hour he was put to bed.

He had all of the necessary tools and a box of morphine and cocaine which bore the labels of Koerner Bros. The last dose he took was about three and one half grains of each drug and it came near fixing him for all time. He will be more careful next time when he loads himself for a dream.

STYLES IN SUMMER WEAR.

Some Fashion Notes From Paris—
What is Being Worn There.

The dominant note of the new summer fashions in regard to light summer dresses is that the waist is very simple and the skirt elaborate beyond words.

Nearly all the new summer waists are shaped slightly at the left side, and the skirts are covered with tucks, insertions, platings, ruffles, stitched bands and many founces.

As for new skirts, they are trimmed with strapped bands, naturally. Is there any place where a strap might with any sort of sense of propriety be made to go that it is not put these days? The bands are put on the skirt at regular intervals and extend from the waist to the knee. Here at the end of every pointed strap fall plaits, so that the effect is that of a deep shaped ruffle plaited at intervals. This is a charming model for any sort of summer dress.

Separate lace waists were never more popular than they are this season. The newest seems to be entirely of guipure, with the whole pattern overlaid with cretonne flowers outlined with a tiny gold thread.

Bolero jackets are quite as popular as at any time in their long and triumphant existence, if not more so. A jaunty model in a lovely fowl and is fitted tightly in the back like the waist of a dress. In the center, slipped into a band, is a large steel buckle, put on over two tabs, each four inches long.

Louis XVI fichus are as much in evidence as ever, and it goes without saying that lace fichus, baby bows, tiny knots of velvet, and so on, belong to summer things. The latter are noticed particularly on linens.—Miss de Forest's Paris Letter in the Ladies' Home Journal for June.

Character of Cocks and Hens.

The longer I study the cock, whether Black Spanish, White Leghorn, Dorking, or the common barnyard fowl, the more intimately I am acquainted with him, the less I am impressed with his character. He has more pride of bearing, and less to be proud of, than any bird I know. He is indolent, though he struts pompously over the grass, as if the day were all too short for his onerous duties. He calls the hens about him swallow hurriedly, and in private, some dainty tit-bit he has found unexpectedly. He has no particular chivalry. He gives no special encouragement to his hen when he becomes a prospective father, and renders but little assistance when the responsibilities become actualities. His only personal message or contribution to the world is his raucous cock-a-doodle-doo, which being uttered most frequently at dawn, in the most ill-timed and offensive of all musical notes. It is so unnecessary, too, as if the day didn't come soon enough without his warning; but I suppose he is anxious to waken his hens and get them at their daily task, and so he disturbs the entire community. In short, I dislike him; his swagger, his autocratic strut, his greed, his irritating self-consciousness, his endless parading of himself up and down in a procession of one.

Of course his character is largely the result of polygamy. His weaknesses are only what might be expected; and as for the hens, I have considerable respect for the patience, sobriety and dignity with which they endure an institution particularly offensive to all women. In their case they don't have even the sustaining thought of its being an article of religion, so they are to be complimented the more.

There is nothing on earth so feminine as the hen—not womanly, simply feminine. These men of insight who write the woman's page in the woman's page in the Sunday newspapers study hens more than women. I sometimes think; at any rate their favorite types are all present on this poultry farm.—From "The Diary of a Goose Girl," by Kate Douglas Wiggin, in the June Scribner's.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested and partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbance of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by Peoples Drug Store and King's Pharmacy.

If it is not beneficial it will not cost you a cent. For sale by Peoples Drug Store and King's Pharmacy.

The stranger who has been at the city lock-up for some days past unable to give any account of himself on account of sickness came from Whitewater. His name is Shannon and he lived on a farm near Whitewater with his son. Relatives arrived in the city today to take care of him as he is still very sick.

PAY TRIBUTE TO THE HEROIC DEAD

church of Rock Prairie and was a most eloquent eulogy of the soldier. Huey's voice also carried well and he gave his address with forcefulness and spirit. He said in part:

What is the purpose of Memorial Day? Why are the offices and the stores closed—the mills and factories silent? Why does the plow stand idle in the furrow and why are the fires in the forges gone out??

Doubtless some will say: "It is a day in which to re-kindle the war-like spirit and make the men thirst for blood. It is a day in which we exalt the heroes of war so that our young men thirst for military pursuits rather than literary and industrial."

But such an idea is without foundation; begotten it is of ignorance. America has never been a war-like nation. Ever has she cultivated the arts of peace. Always has he obtained peace at any cost save at the sacrifice of principle. Ever has she emulated the sentiments of the great Father of Our Country who was "first in peace" as well as in war and in the hearts of his countrymen. Never has she maintained a large standing army. When the revolutionary war broke out her armies were mustered from the work-shops and the farm. It was at Lexington that "the farmer fired the shot that was heard round the world."

When the storm cloud of the rebellion broke upon us the president did not appeal to our standing army but to the ranks of citizens who went up from the work-shop, the store, the counting-house and the farm. So it was when the war with Spain came upon us.

Lincoln sustained the Washingtonian spirit. To the South he said: "There shall be no war until you compel it." The same spirit prevailed the words of Sherman who said: "War is Hell." It was Grant the hero of the civil war, who said: "Let us have peace."

The civil war not only saved the Union but made it. That we are one and inseparable—that we are a united people—is no mere sentiment. There is no North—no South—no East—no West—no danger of any future attempt to disrupt the Union is indisputable when the war with Spain came. The man who wore the blue marched shoulder to shoulder with the man who wore the gray. If the North gave us Dewey, the South gave us Hobson. If the North gave us Funston, the South gave us Wheeler.

The speaker went on at some length in outlining the duties of citizenship in perpetuating the nation. He closed with a pre-oration on the memory of the heroes who made it possible to preserve and perpetuate the American union.

LAY CORNER STONE ST MARY'S CHURCH

Continued From Page 1.

attention of his audience. He clothes his thoughts in poetic language, making it a delight and a profit to listen to him.

In his opening remarks he said he congratulated not only the Catholics but all the people of Janesville on the erection of another church by which the cross of Christ shall be lifted up. He gave as his message to the people the familiar words, "Let your light so shine before men that they may see your good works and glorify your Father which is in Heaven."

Two Great Figures
Father Vaughn spoke of the great accomplishments of the past nineteen centuries and drew a word picture of the two figures standing at the beginning and at the end proclaiming the gospel. One was the Christ, the other Pope Leo of Rome, successor to Peter and vicar of Jesus. History repeats itself and the speaker asserted that the light of the world for the twentieth century is centered in Rome.

Papacy a Guiding Star
The world is beginning to lose its prejudice and admit that papacy has been the guiding star which has lighted the world through ages of darkness.

He said that the church of Rome found this world a world of slaves and he traced the history of the church which has given the world its civilization. The church of Rome was the first voice raised for education, the power that raised woman from her place as man's slave to that of the pride of the home, the power that established the dignity of labor, that framed the code and founded the morals of the present. The Roman Catholic church and the power of the pope saved the whole world and it is well that the world is beginning to give her her due.

Catholics will do well to keep in mind not only the plans of the architect for the church but the plans Jesus Christ gave for his church to be raised firmly on Peter, the foundation. They should remember above all not to have it an empty church but filled with the spirit of Christ.

Mayor Spoke Briefly
Mayor V. P. Richardson spoke briefly and pleasantly as the representative of the city. He expressed his gratification on the occasion, saying that the church and the state should go hand in hand as the two

great forces of modern life. He congratulated the city and the members of St. Mary's congregation on the erection of the new church, which is to be a center of religion. He referred also, as a matter for pride, to the proposed library, which stands for universal education and the city hall which will stimulate civic pride.

Call on Father Roche

At the close of the mayor's address there were loud and insistent calls from the audience for Rev. Father Roche and he finally complied with the demand. He spoke a brief word of greeting to his former people, paid a graceful compliment to Father Goebel and urged the people to be like the stones in the church, fitting closely together for the support of the Gospel and bound together by the love of Jesus Christ.

A collection was taken and the building fund largely increased as a result. After Father Roche's remarks the ceremonies were concluded and the corner stone was duly laid. The stone bears the inscription: "St. Mary's church. Hic Lapis Positum Est, A. D. 1901."

After the ceremonies Mayor Richardson and the visiting priests were the guests of Father Goebel at a very appetizing dinner.

GIBBONS TO PROLONG VISIT

Will Remain in Rome During the Greater Part of June.

Rome, May 30.—Cardinal Gibbons has determined to prolong his stay in Rome and he will remain here during the greater part of the month of June.

The cardinal says the appointment of a rector of the American college here to succeed Mgr. O'Connell, the bishop of Portland, Me., has not yet reached a stage where any statement can be made.

It is understood the cardinal during the audience he had with the pope explained at length the views of the government at Washington regarding the religious matters in the Philippines.

Cardinal Gibbons is also advising the pope to consider the question of a successor to Cardinal Martinielli as papal delegate in the United States, but it is understood that the difficulties encountered in selecting a successor are so great that there is little prospect of the early departure of Cardinal Martinielli from the United States.

Will Be No Excursion

The report that has been circulated in regard to an excursion over the new line to Chicago on June 3rd is utterly unfounded. There has been no intention on the part of the C. M. & St. P. R.
